

MAINTENANCE & TROUBLESHOOT KITS PARTS

Our standardized Service Kits are designed to streamline maintenance, speed up troubleshooting, and increase your team’s self-sufficiency. They cover everything from routine upkeep to major service needs, as well as essential components for handling unexpected issues.

We strongly recommend combining all kits into a **Complete Machine Safety Stock**. This ensures **critical parts are always available**, minimizing downtime and preventing delays, especially when parts are out of stock or shipping times are extended for remote or international locations.

Your benefits

Reduced Downtime

Minimize production losses and keep your operations running smoothly, even during unexpected breakdowns.

Faster Service and Recovery

Immediate access to critical parts significantly shortens response times.

Greater Control and Independence

Your team can act quickly and efficiently without relying on external support.

Continuity and Reliability

Always prepared, even when parts are limited or lead times are extended.

MAINTENANCE & TROUBLESHOOT SAFETY STOCK - BE PREPARED

MAINTENANCE KIT A

ANNUAL WEAR-AND-TEAR PARTS (small maintenance)

MAINTENANCE KIT B

3-5 YEAR MAINTENANCE KIT (big maintenance)

TROUBLESHOOT KIT A

CABLES, MINOR ELECTRONICS AND PNEUMATICS

TROUBLESHOOT KIT B

FULL SET OF CRITICAL REPLACEABLE ELECTRONICS/COMPONENTS

How to Order Your Service Kits

Service Kits can be easily requested through our Service Department and are also recommended as an add-on during scheduled maintenance visits.

or mail parts@hollandmechanics.com to request a service kit.

Email service@hollandmechanics.com for advice and a customized quote.

*This is a base price without a screwdriver and customer-specific options; these can be added later upon request.

*All prices listed are indicative and subject to change without prior notice due to fluctuations in raw material costs, supplier pricing, and inflation.

Basic Maintenance kits A & B

Machine type	Maintenance kit A	Price per kit	Maintenance kit B	Price per kit
CD-A	CDXKSA01	€ 518,61	CDXKSB01	€ 1.414,90
CE-A	CEXKSA01	€ 445,85	CEXKSB01	€ 1.225,86
